www.oceanmagazine.com

The winter months are hard enough on your skin, and the added stress of the holidays can leave you really needing a refresh. Dry, lack-luster skin can make you look tired and aged- not the way you want to ring in 2014. Now that things have settled down, give your skin the love it needs with products from **Aurora DeJuliis, MD**. With key ingredients such as Aloe Vera, Red Marine Algae and Ginseng, you'll look as fresh-faced as you feel!

Restorative Marine Moisturizer

This formula uses a special bio-fermentation technology, which is derived from red marine algae abundant along the shore of the Hawaiian Islands. Clinical studies have shown a substantial increase in collagen stimulation and a 20% increase in firmness within four weeks. Skin moisture and hydration increase 70% within four weeks. \$40.00, at www.auroradejuliismd.com

Oxygen Revitalizing Cleanser

This invigorating and revitalizing cleanser awakens the skin with Ginseng, Orchid and Glycoproteins. These key ingredients help to stimulate the skin, promoting oxygen-revitalizing effects, which are lost with aging. Dr. DeJuliis has further enhanced this formula with Japanese green tea, one of the most effective skin-soothing ingredients. \$45.00, at www.auroradejuliismd.com
